14-Year-Old Girl Injured When Horse Runs Away

Jean Herold, 14-year-old San Mateo school girl, was in Community Hospital Monday suffering multiple friction burns and bruises as a result of a wild ride Sunday afternoon down San Carlos Ave., which started when her rented horse shied at a passing auto, and ended when he bucked her to the pavement almost under the wheels of passing auto traffic along El Camino Real there. Police caught the runaway horse near San Mateo.

San Carlos police, who rushed the girl to the hospital, said the frightened horse had pelted down San Carlos Ave. for more than a mile at a dead run, finally bucking the girl from the saddle only a few feet from the major highway intersection.

A note of comi-tragedy was added when, a moment later, Gordon Riggs, 16, of 2845 Flores Ave., San Mateo, came galloping down the street, his own mount apparently fear-crazed and out of control. Riggs' horse also caught the traffic signal-light at "go," and dashed across the El Camino Real intersection, up the Southern Pacific depot drive, through the depot covered walkway, across the railroad tracks, and on toward San Francisco Bay. Apparently worn out, he stopped a few yards short of Bayshore Highway. Riggs was unhurt.

A few minutes later, Patrolmen Joe Gravance and George Feeley saw a third horseman come ambling gently down San Carlos Ave. It was Robert Herold, 8, brother of the injured girl, whose home is at 137 Arrowwood Lane, San Mateo. Robert and his mount stopped at the traffic signal, and he confirmed that a passing auto, at an intersection more than a mile from El Camino Real, had frightened the other two riders' mounts.

Police said that while the girl's injuries were painful, she had suffered no broken bones. They said it was "miraculous" her horse dashed into the El Camino Real intersection when the traffic lights were set for San Carlos Ave. traffic. "Otherwise," Gravance declared, "We'd have had a real tragedy, considering the speed and volume of Sunday traffic along the highway."

L. G. Owen Resigns From CSC

Resignation of Langdon G. Owen of Redwood City, first chairman of the San Mateo County Civil Service Commission, was accepted by the board of supervisors Tuesday morning.

Owen, who presented his resignation to Supervisor Martin A. Poss on Sept. 1, will be succeeded on the commission by George M. Keyston, San Mateo rancher and broker.

Keyston's name was proposed by Poss as it was revealed Owen's resignation had been submitted two months ago.

Declaring the work "has been proved very interesting and my relations with the board of supervisors and the members of the commission have been most gratifying," Owen said he felt it best to retire.

He is a retired Pacific Gas & Electric district superintendent.

Cecil Longston, Burlingame engineer and city purchasing agent, was named to the planning commission upon suggestion of Chmn. E. R. McDonald. He succeeds C. H. Bessett whose term was to expire June, 1948.

The reappointment of Planning Commission Chmn. C. A. Buck was confirmed, and the reappointment of Z. T. Thorning, whose term expired in July, was held over pending presence of Supervisor Henry Edmonds.

Meanwhile this morning, Probation Chmn. E. R. Cosgriff confirmed the resignation of Lowry Howard of the Menlo Junior College from the probation committee.

Howard's resignation is in the hands of Judge A. R. Cotton, he said.

Two Men Killed In Crashes

Two men were killed in San Mateo County traffic accidents Monday night.

In San Mateo, a 41-year-old Bay Meadows groom was killed on El Camino Real, bringing this year's traffic fatalities to six in that city.

Dead is Louis A. Wood, Rm. 21, Barn 10, Bay Meadows, who was struck and killed at 7:50 o'clock by a car driven by Sailor Arnold Centeno of Tanforan. Centeno was released Tuesday morning after being booked on technical manslaughter charges after being questioned.

Alesando Folcorelli, 55, dishwasher at Oliver's restaurant, South San Francisco, was killed by a car at 5:50 p.m. Monday in that city as he walked across Bayshore Hwy. in front of the cafe.

Driver of the car which struck Folcorelli, who was pronounced dead on arrival at South San Francisco Hospital was Norman C. Smyth, 43, 631 Nevada Ave., San Mateo.

Smyth was not cited by South San Francisco police. Funeral arrangements for Folcorelli are pending at Nauman and Muzio in South San Francisco.

According to Sam Kime, passenger in the Centeno car, he saw Wood raise up on one knee after the Centeno car struck him but only to be hit by a second car which dragged him some 84 feet from where he was first hit on El Camino, south of Broadway. Kime said the second car did not stop.

Funeral arrangements for the dead groom are pending at Patterson and O'Connell Mortuary in San Mateo.

Atherton Citizens Authorize Study of Needs for School

Study of the Menlo Park Elementary School Dist. was authorized Monday by a special committee of Atherton citizens in order to best determine what type of school facilities are needed in Atherton.

The committee met with members of the Menlo Park School Board to hear O. H. Olson, Menlo Park superintendent, and Ernest J. Kump, Atherton architect, discuss possible educational institutions in the area.

It was pointed out that problems in Atherton schooling arise mainly from the present zoning of school districts. Sections of Atherton are at present apportioned among the Menlo Park, Redwood City and Las Lomitas Elementary School Districts.

The Atherton group desires either new school facilities, preferably located in Atherton proper, or improved transportation to schools which Atherton children attend.

Kump told the gathering that there is need for foresight and planning in a school system expansion and development program and urged a thorough study be made to obtain complete facts of the present situation before any definite action is undertaken.

Olson presented a thumb-nail sketch of the Menlo Park school system and told of a 100 per cent enrollment jump in the past six years.

Officers Seek 'Car Boosters'

Deputies of Sheriff James J. McGrath were on the hunt Tuesday for "car-boosters" who Monday night ramsacked three autos parked on East Palo Alto streets and secured loot worth more than $250.

Chief Dep. Walter Moore said the largest loss was suffered by Joseph Teresi, 2060 Glenway St., East Palo Alto. Teresi is operator of the Palo Alto Manufacturing Co. He told officers he had parked his car outside the company office, leaving it unlocked. When he returned to his machine, about 10 p.m., he discovered a kit of machinist's hand tools valued at $250 had been take from the car.

Moore said two other motorists, who left their autos unlocked and parked in front of their homes, within a two-block area, reported loss of a spare tire, flashlights, and other items.

"We're doing our best to catch such thieves—car-boosters, we call them," Moore said, "but part of the trouble lies with motorists who just don't seem to realize that a locked car is a lot less easy to tamper with than the one which is left unlocked."

EVERY DAY the cost of war continues in the two-way flow of ships—in-bound and out-bound under the Golden Gate Bridge. Men and women coming home to civilian life. Men and women transferred back to rehabilitation centers and hospitals. Men and women and supplies sailing out to far-distant occupation areas. The fighting war is over. Now we must help pay the bill through this final drive, the eleven billion dollar Victory Loan.

We owe these specific debts which we should be glad to pay, through the Victory Loan . . .

1. Care of the Wounded. This is a debt we can never fully repay. With Victory Bonds you lend your money to help pay for this work.

2. Bringing Men Home. It costs as much to bring men home as it did to send them over. This job has just started.

3. Rehabilitation of Veterans. In addition to mustering out pay, the guarantees of the G. I. Bill of Rights must be met for education, loans and other aids.

4. Payment for War Material. Huge sums are needed to pay for materials of war produced and used in action months ago.

Put away every extra dollar you can in Victory Bonds. Hold them for such future uses as owning your home, educating the children, for starting a business or as a savings fund for emergencies. For the last time—buy bonds—extra bonds every week of the Victory Drive.

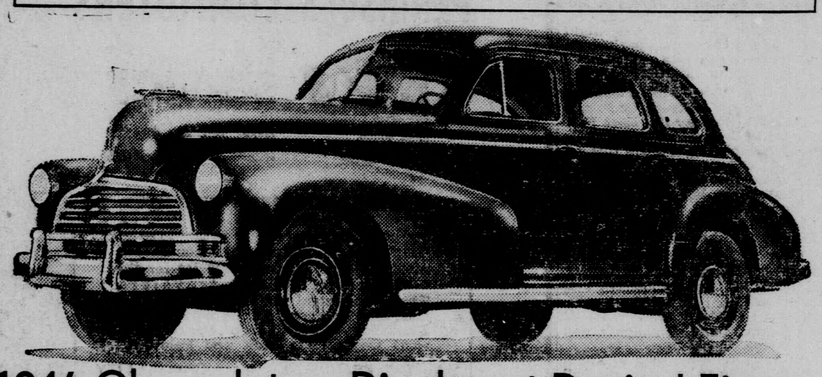
NEW 1946 MODEL CHEVROLET



1946 Chevrolet on Display at Davies' Firm

A new 1946 Chevrolet is now on display at the Davies Show Room, 1101 El Camino Real, Dealer Al Davies announced today.

This is the first new model showing season since October, 1941, and marks the start of a great rebuilding program of the American transportation system. The first industry to be put on an all-out war effort is one of the first to be reconverted, Davies points out.

The new Chevorlet embodies the best thinking of automotive designers, emphasizing classical lines with a flowing sweep from front to back.

The bodies by Fisher, exclusive with Chevrolet in the low-priced field, provide a combination of style, safety, luxury and durability. Fisher Unisteel construction means that floor, panels, cowl and turret-top roof are welded to form an all-steel unit. No-draft ventilation is provided.

A Chevrolet feature is the door-action fender, which flows smoothly back half way into the front doors. The new hood is deep and massive.

Interiors embody taste and luxury. Upholstery is tailored in fabrics that look smarter, wear better and clean more easily.

Pure beauty has been attained by master craftsmen in the design of interior fittings, instrument panel fixtures and home-like convenience inside the car. The instrument panel is distinctive, too, for its practical arrangements of dials and indicators, contributing to the ease of driving.

Six color schemes are available on all regular models. A range of three solid colors is available. And two-tone combinations are available on specification, all in the most desired shades.

The front-end treatment of the 1946 Chevrolet is completely new, bringing into modern focus the lowness and massiveness of line.

The grills consists of three horizontal bars, below which are two more, wider bars, extending almost to the sides of the fenders. Parking lights are framed in rectangular plates at either end of this assembly.

The new front bumper enhances the appearances of the radiator grille, and is deeper and higher than any previously used. Simply-designed bumper guard are spaced well apart.

The Chevrolet name, in block letters, apears on the uppper side of the two wide grills bars, and the new Chevrolet emblem, a shield on a modified V background, is on the hood. The model name appears on the fore part of the hood louver molding.

Supervisors 'Pass By' Proposal

Chmn. E. R. McDonald of the San Mateo County Board of Supervisors Tuesday passed off communications concerning the proposed new juvenile home with "we haven't time to discuss it" as rumors persisted that $50,000 had been raised by a Redwood City syndicate of business men to purchase the lower Broadway site.

The proposal of the business men, although not entirely confirmed, was given added weight today when O. S. Oleson, Redwood City real estate man and developer of lower Broadway commercial properties, disclosed that E. B. F. Ridgeway had made a "feeler" offer to the supervisors at the last meeting.

Ridgeway, he said, offered $20,000 for the property which has a 200-foot frontage on Broadway and frontage on Marshall, Walnut, Maple and Spring Sts.

Oleson, declaring he knew of no other current offer to purchase the property which the probation committee has approved as site of the new building, asserted the land was worth "much more."

"If put up for sale, there is no question but that the property would sell for a big price," he declared, explaining any such sale by the county would have to be public.

He pointed out that a second proposed site on Woodside Rd. at Valota Rd. is currently being offered to the county for $42,000 for 14 acres containing a home and farm buildings.

Five acres of the property which is inside the Redwood City limits could be purchased for $15,000, he declared.

Oleson said the sale of the lower Broadway property would have the backing of approximately 300 signers of a petition protesting the Broadway site.

Its high value as business property would enable the county to acquire a larger parcel of other property such as that on Woodside Rd., he maintained.

At this morning's supervisor session, McDonald suggested a letter from Judge Aylett R. Cotton stating disapproval of the Community Hospital site for the home be filed, and commented that a second letter from John S. Cowgill, probation officer, be filed because "we haven't time."

Cowgill's letter contained a resolution from the probation committee suggesting steps be taken to build a new home on the site of the present building.

Arrest of Jockey's Agent Ends Three-Year Search

Arrest of a Bay Meadows jockeys' agent in San Mateo has ended a three-year search for Harrison Lee Barber, 27, charged with a $50,000 Alaska safe robbery, J. W. Vincent, special agent in charge, announced in San Francisco Federal Bureau of Investigation offices Wednesday.

Barber, who has been an agent at the track since its opening three weeks ago, surrendered to a track official when he learned FBI agents were looking for him.

Agents on the scene took him into custody.

Barber, recently discharged as an army air force aviation cadet, is wanted in Alaska where he assertedly entertained a cafe owner at dinner on Oct. 21, 1942, while three companions lugged a 500-pound safe from the owner's home, Vincent said.

Edward A. Kubillus, 33, Oakland bartender, taken into custody as he left his San Francisco apartment Monday, transported the safe in his taxi to a spot near the dinner party and buried it with the aid of two companions, he asserted.

Two weeks later, the four men, now indicted on charges of burglary and larceny, returned to the safe and opened it with the aid of acetylene torches.

Approximately $32,000 in currency was scorched by the safe openers, Vincent said. A trail of the scorched money finally resulted in the pair's arrest.

Barber had been residing at a San Mateo auto court prior to his arrest.

He and Kubillus are held under $5000 bond.

A third man in the burglary, Alvin E. Iacopetti, was sentenced to McNeil Island penitentiary upon conviction of the charges, but was granted a new trial when it was revealed a witness had perjured himself.

The fourth member of those indicted has not yet been taken into custody, Vincent stated.

Harvey Hall Returns to Sequoia

Recently discharged Maj. Harvey Hall has resumed instruction at Sequoia High School after a five-year leave of absence. He is teaching English and acting as a counselor.

Hall went overseas early last year with the Eighth Air Force and took part in the invasion of France. He received the Bronze Star for establishing an echelon group in Europe and having it prepared before planes arrived.

Major Hall, who lives with his wife at 159 Stratford St., took graduate work at Columbia University after leaving Sequoia and then became assistant dean of men at New York City College until entering the army in 1942.

Resumes Law Practice

Louis B. Dematteis, former chief assistant to Dist. Atty. Gilbert Ferrell, resumed law practice Monday as a private attorney following his honorable discharge from the navy, where he served a year and a half as specialist second class.

Previously he had spent nine and a half years as assistant to the district attorney, prosecuting numerous criminal actions.

Today, appointed by Superior Judge Andrew R. Schottky, who observed him in the court audience, he received the position as defense counsel for Charles and Gordon Hawkins, Capitola men charged with kidnaping and robbery as the result of an alleged wild ride and beating they gave a Brisbane hitchhiker.

Opposing counsel in the action, which will appear on the court's calendar two weeks from today when the defendants will plead, is A. S. (Pat) Whitmore, Dematteis' successor as chief deputy district attorney.

The Hawkins brothers were arrested on complaint of William Winter, Brisbane, who charged they hauled him into their auto near Brisbane, took $1.85 from him, and slugged him, releasing him only when their machine was involved in an accident on Bayshore Hwy. near Mountain View.

If necessary to prepare fruit juice the night before serving, cover tightly and store in the refrigerator.

Colma Police Chief, M.P. Man Injured in Crashes

Police Chief Joseph Reynolds of Colma escaped injury Tuesday afternoon on Junipero Serra Blvd. when his car collided with one driven by Eugene H. Christensen, 41, 2766 Mission St., San Francisco. Christensen, who suffered minor injuries, was treated at South San Francisco hospital.

Albert Meier, 79, 136 Bay Rd., Menlo Park, suffered minor chest and leg injuries late Tuesday when he was apparently struck by a passing auto near his home. He was taken to Community Hospital for treatment. California Highway Patrol officers had no record of the driver, they reported. Meier, hospital attendants said, was unable to speak coherently of the accident.

In three Redwood City accidents, all motorists escaped injuries. The collisions, all of which occurred about 6 p.m. Tuesday night, involved five persons.

Aubrey E. Dobbs, 28, 181 Edgewood, Atherton, collided at Bayshore and Steinberger with the machine of Max F. Hawk, 43, Sunnyvale.

Dorothy Benefield, 26, 510 Military Way, Palo Alto, collided with the auto of Vaso Dridoni, 37, 563 20th Ave., San Francisco at El Camino Real and Main St.

Charles R. Padgett, 18 Clinton St., Redwood City, skidded into two parked cars on Chestnut St., near Hilton when he swerved to miss an oncoming motorist.

Sgt. Thomas W. Thompson Home From Jap Prison Camp

A prisoner of the Japanese since the fall of Bataan in April, 1942, Sgt. Thomas W. Thompson arrived in Redwood City over the weekend following his return to the United States aboard the Marine Shark from Manila.

Sergeant Thompson is now at Dibble General Hospital convalescing. The 25-year-old soldier was in the Philippines only a month when war broke out. He was serving with the 680th Ordnance Aviation Platoon and has been in the service since May, 1941.

Thompson is the son of Mr. and Mrs. J. M. Thompson of 519 Alden St. They learned of their son's liberation from Camp Tokyo by wireless on Sept. 20. During his internment, Thompson's parents received six post cards from him. He was a prisoner at Clark Field for two years and then transferred to Tokyo. The former prisoner was heard twice over Radio Tokyo during his internment.

A former Sequoia High School student, he is the brother of Pharmacist's Mate 1/c John M. Thompson, Mrs. Albert Mann, Mrs. Charles Mish Jr. and Mrs. Harvey Robbins Jr. of Redwood City.

$30,000 Sidewalk ...gram Backfires; ...dents Seek Action

...EIFSCHNEIDER

...d City's $30,000 sidewalk improvement program ... Monday when irate Hudson St. residents appeared ...e city council and demanded action to alleviate a ... problem that arose with recent rains.

...ng privately-installed drainage facilities had been ...t during recent con-... of the sidewalk, ...esidents asserted the ...ks were dikes for the ...-up rain water.

...er and mud made a one-...treet of Hudson St. and ...nted residents from get-... automobiles into drive-..., they said.

...ting City Engineer Charles ...dlett admitted there were "sev-... bad" places in the three-block ...a.

...emporary relief through the ...y's providing rock fill for drive-...y areas between the sidewalks ...d the strip of paving in the center ... the street was promised only ...fter charges alleged the new side-...alk was useless because no one ...ould get to it.

P. Benson of 1445 Hudson St. ...as first to protest.

Councilman George W. McNulty, who began to suggest the city's attempt to improve conditions was not met with appreciation, was interrupted by Mrs. Frances Cassaretto.

"Mr. McNulty is the only one on this board who knows how much money we spent when it came to opening Hudson St. We could have paved it in gold, and what have we got—a puddle."

"Let's go out and fix it," Councilman C. A. Britschgi proposed.

"At whose expense?" queried Councilman C. C. Armstrong.

Strong charges from the assembled protestants continued. Mrs. Cassaretto said the "Atlantic Ocean during a storm is more smooth than that sidewalk." Robert Mullin claimed the front of his property was the "biggest mudhole on Hudson."

City Mgr. Edgar W. Blom reported the construction was completed by the contractor, but that lack of drainage made the situation bad.

"There won't be a satisfactory answer until we put in curbs, gutter and complete pavement of the street," he said.

Temporary relief, averaging three cubic yards of rock fill for approximately 30 driveways, will cost an estimated $700 with labor costs, Blom declared.

Councilman Floyd Granger, who termed the matter "just another engineering problem," was countered by Armstrong, who pointed out the council had overridden the engineering department's recommendations in planning the project.

"The fault lies in an attempt to do a piecemeal job," Blom remarked. He emphasized the rock fill would be only temporary relief.

A hearing on abatement proceedings concerning an alleged fire menace at 914 Brewster Ave. ended with the promise of Mrs. Betty Smith Hutz, owner of the property, that she and her soldier husband would clear the weeds within the next 30 days.

Two neighbors, Henry Nissen at 918 Brewster Ave. and Francis Rojas of 913 Brewster Ave. complained of late-hour noises and disturbances at the Hutz property, but a motion by Councilman E. A. Fletcher to prefer disturbing the peace charges died for want of a second.

Mrs. Hutz attributed past disturbances to "girls rooming there. I was trying to help them out because my husband was overseas," she said.

Hutz, home from the army on convalescent furlough, said he wanted the matter settled. "Ever since we moved there, the people next door have been a nuisance," he charged.

He declared their home had been visited by police, firemen and health department inspectors, the latter coming to inspect plumbing in the past month.

H. H. Weiner, a former resident of the neighborhood, declared he had sold his home there because "he was disgusted."

"I didn't want to quarrel with the neighbors about the noise, so I sold the property and moved," he said.

Councilmen, unable to wade through the two-page agenda, the longest in many months, adjourned the meeting shortly after midnight and postponed several important matters on the agenda until the Nov. 19 meeting .

However, in matters acted upon last night the council:

1. Granted a permit to Ross Chamberlain for construction of a spur track on Chestnut St. to industrial property adjacent to Bay Rd. which he is developing. Chamberlain, who appeared to object to a clause in the permit which he said clouded title to the property, declared he will install the spur at an estimated cost of $7500.

Councilmen agreed to eliminate the clause which would have given the city indefinite right to construct a drill track from the spur when City Atty. Paul A. McCarthy pointed out the city had recourse through condemnation proceedings. Chamberlain declared he would be willing at any time to co-operate with the city in building a drill track.

2. Dropped the matter of sanitary facilities at Southern Pacific watchmen's stations upon motion of Councilman Britschgi, who termed the discussion "a waste of time." Granger, who originally brought up the matter, voted against Britschgi's motion.

3. Declared itself "unwilling and unable to extend sewage service to Kensington Square" outside the city limits. The city manager reported present sewer facilities were already loaded and that the situation would not be alleviated until work begins on the sewage program of the bond issue. The low, 20 cents per month rental fee, was also advanced as a reason for inability to extend service to approximately 50 homes in the 190-lot area.

4. Gave first approval to an ordinance to repeal wartime legislation pertaining to civilian defense, and voted to turn $108 in cash of civilian defense funds over to the Community Chest to be used as a service man's emergency fund. The money, as well as a $1000 war bond was obtained through scrap iron sales.

5. Voted to accept six lots from the Leslie Salt Co. to be used for recreational purposes. The land, adjacent to the Chestnut St. spur track, was offered as a gift.

Robot Plane 'Gets Loose,' Recovered

The army Wednesday sent out a "missing airplane" bulletin as civilian and military authorities launched a search of San Mateo County for the pilotless aerial ship.

The plane, a 12-foot robot model used in anti-aircraft practice at the Pt. Bolsa firing range, got out of control when a hit cut wires in directional apparatus.

Army men, unable to control its flight with ground equipment, watched it fly northward to Pescadero where deputy sheriffs and forest service rangers were asked to aid in the hunt.

The bright red model was reportedly recovered near Pescadero this morning.

Army men said the plane, which flies at a speed of 85 miles an hour, had only enough gasoline for five minutes of flight.

Charge Hauser With Manslaughter

Benjamin Hauser, 25, 611 Waverley St., Palo Alto, driver of the car in which William G. Haughton, 37, navy storekeeper, was killed when the car crashed into the rear end of a truck on Bayshore Hwy. Sunday night, was held on manslaughter and reckless driving charges Wednesday as a result of the fatal accident.

Haughton, who had hitch-hiked a ride with Hauser in the latter's large sedan, was pronounced dead on arrival at Community Hospital after the crash near 19th Ave., San Mateo. Hauser suffered only minor injuries, as did James Richards, 21, San Francisco, driver of the truck, and Hoyt Simmons, 22, riding with him.

Frank I. Rinehart, With 149 Points, To Stay in Service

Despite his fabulous accumulation of 149 discharge points, Maj. Frank I. Rinehart of Redwood City is going to stay in the army air forces. Rinehart returned to the United States this week from Guam, landing at Mather Field in a Superfortress with 19 other high point soldiers.

A veteran of two world theaters of war, Major Rinehart is on a 45-day leave with his wife, Lucille,

FRANK I. RINEHART

and two small sons, James Richard, 3, and Richard Carey, 2 months, of 1923 Jefferson Ave.

In March, 1943, the strange tale of how the officer nearly lost his life on a flight over the African desert because of a cigaret case his wife had given him was told by Associated Press. As he was landing his Liberator at an Algerian base after a raid on Bizerte, the throttle level became jammed by the case and co-pilot, Ripley Archer of Houston, Tex., barely pulled it free in time.

Rinehart flew 20 missions over Africa and Italy before returning to England in March, 1943. Two months later he returned to the United States and left for the Pacific Theater in March of this year. A veteran of 500 combat flying hours, the major holds the Bronze Star, the Distinguished Flying Cross, and the Air Medal with four Oak Leaf Clusters.

He was a B-29 squadron commander in the Pacific and flew 11 missions over the Japanese mainland. Rinehart's parents, Mr. and Mrs Florian A. Rinehart, live in Detroit, Mich. His brother, F/O Jack Rinehart, is in Japan and has been overseas a year and a half. Major Rinehart is a graduate of Harden Junior College, Wichita Falls, Tex. His family has been residing with his wife's mother, Mrs. Mary C. Carey, formerly of Los Altos.

Ambulance Study Started

A letter from the San Bruno City Council suggesting county action in erection of an ambulance station and emergency hospital there Tuesday touched off a movement for a countywide study of the ambulance situation.

Supervisor Alvin S. Hatch proposed a full study of county service, possibly by the health department, in order to obtain "the full picture."

Supervisor Thomas L. Hickey upheld service now provided by Community Hospital, declaring delays were attributed to failure to place calls for the ambulance in the proper place.

He cited several examples of quick service by the county vehicles and said San Bruno's proximity to South San Francisco and Daly City service should be adequate.

The matter was continued to the next meeting.

PUBLIC NOTICE

Lech T. Niemo, Atty.

Notice of Private Sale of Real Estate
No. 240-732—Probate

IN THE SUPERIOR COURT OF the State of California, in and for the County of Los Angeles.

In the Matter of the Estate of CHALMER M. SHORT, alias, deceased.

Notice is hereby given, that the undersigned administratrix-with-will-annexed of the estate of Chalmer M. Short, alias, deceased, will sell at private sale, to the highest bidder, upon the terms and conditions hereinafter stated and subject to confirmation by the above-named court, on or after Thursday, November 15, 1945, all the right, title, interest and estate of said decedent at the time of his death in and to the real property hereinafter described and all the right, title and interest that the said estate has acquired, by operation of law or otherwise, other than or in addition to that of the said decedent at the time of his death, in and to the following described real property, situated in the County of San Mateo, State of California, and more particularly described as follows:

Beginning at a point which is located South 17° 22½' West 188.78 feet; South 83° 45' West 530 feet from the most Westerly corner of Lot 1 in Block 23, Subdivision No. 6, Devonshire Properties of Municipal Properties Company, San Mateo County, California; running thence from said point of beginning South 83° 45' West 107 feet, thence North 1° 44½ East 86.65 feet; thence on a curve to the right with a radius of 25 feet, a distance of 36.36 feet; thence North 85° 04' East 82.27 feet; thence South 6° 35' West 106.19 feet to the point of beginning.

Terms and Conditions of Sale: Cash, in lawful money of the United States; 10 per cent of the purchase price to be paid at time of sale; balance, on confirmation of sale. Expense of title search to be borne by purchaser. Taxes to be pro-rated as of date of administratrix' deed.

Bids or offers for said real property must be in writing, and may be left at the office of Lech T. Niemo, 650 South Grand Avenue, Los Angeles 14, Calif., or may be delivered to the said administratrix personally, or may be filed in the office of the Clerk of the above-named court, at Los Angeles, Calif., at any time after the first publication of this notice and before the making of the sale.

Carrie E. Smith, Administratrix-with-will-annexed.

Dated: October 22, 1945.

Lech T. Niemo, Attorney for Administratrix.

Heart Attack Fatal To F. C. Smith

Frank C. Smith, 41, ticket-seller at the local Southern Pacific depot for the last three years, who was found dead in his room at the Sequoia Hotel Tuesday, died as a result of a heart attack, Dep. Coroner John Layng disclosed recently. An autopsy was performed last night to determine whether death came from natural causes.

Smith, whom James Whitehead, railroad passenger agent, characterized as one of the best ticket men he had ever employed, had worked for the railroad for more than 25 years, mainly in San Francisco.

Services will be held tomorrow morning at Mt. Olivet Chapel. He leaves two sisters, Mrs. Ethel Schmitt of Oakland, and Mrs. Dorothy Moore of Georgia.

J. M. Fenton Pleads Guilty

J. M. Fenton, 34, tire salesman and son of a wealthy San Mateo business executive, pleaded guilty in superior court here Monday on charges of passing bad checks in Redwood City. He asked probation, and Judge Andrew R. Schottky continued the case two weeks for report on Fenton's request.

Fenton, on whom hold charges have been placed by four other neighboring police departments, attempted suicide in his cell in the county jail Oct. 22, while he was awaiting court appearance. Fenton, whose home is in San Carlos, attempted to slash his wrists, jailers said, after receiving a letter from his wife, Charlotte, that she was planning to secure a divorce.

Schools Plan New Program

Roy Liddicoat, superintendent of the Ravenswood District Schools announced recently that within a period of two weeks all San Mateo County primary school teachers will have in their hands a guidebook to a systematically planned program of phonics instruction, spread over several school grades, which economically attacks the teaching of sounds that are commonly used in the reading vocabulary of children.

This book, written by Eleanor Freeman Collins, director of curriculum for San Mateo County schools, tells the teacher what phonics to teach, when to teach them and how best they can be taught.

Mrs. Collins says that numerous studies have been made in various parts of the United States to determine the value of phonics instruction, paying particular attention to the relative value and importance of the different sounds, and that these studies have contributed greatly to the recognition of the need for phonics instruction, the economical selection of the specifics to teach, and the fundamental principles of phonics teaching.

"But while we recognize the contribution of these scientific studies," says Mrs. Collins, "we also recognize that teachers need more help than has been provided by these same studies."

Mrs. Collins' guidebook, according to Mr. Liddicoat, has been prepared in response to the ever present questions of what, when and how. It gives in detail a planned program of phonics instruction which should aid the child in the independent recognition of words. County authorities believe that the results of this program should be reflected in reading achievement throughout the elementary schools.

While a recent survey of reading achievement rates San Mateo County schools above national norms given for well selected reading tests, the school authorities believe progress will be even greater because of this new program.

Sequoia Won't Have Band This Year, Trustee Hilton Says

As far as the Sequoia Union High School District Board of Trustees is concerned, Sequoia will not have a band or orchestra, this year, Trustee W. W. Hilton declared Wednesday.

"We've taken our stand, which was to oust Max Gelber from the instrumental music department last Spring because he wasn't producing a band. Now we're going to sit tight for the rest of the year," Hilton said.

The other four trustees contacted refused to make an outright statement as Hilton did but Trustee Stuart Copps indicated that the subject of instrumental music at Sequoia would be brought up at the next meeting of the board, Nov. 16, to which a member of the press would "undoubtedly be welcome."

"If Gelber isn't satisfied with the present set-up, he can go somewhere else," Hilton exclaimed, pointing to the situation now where Gelber teaches mathematics and has study hall at Sequoia but no longer has anything to do with music.

Pansy J. Abbott, county superintendent of schools, explained that Gelber as a general school certificate which means that the school superintendent can ask him to teach any subject in the institution. The superintendent can appoint anyone in the school with the proper certification to teach music, she said, thus clearing up the controversial point that if a band is formed at Sequoia this year, Gelber would not become its instructor unless Supt. A. C. Argo appointed him, which is deemed a virtual impossibility.

Board Chmn. Charles H. Merrill contacted in San Francisco said he couldn't say offhand what the trustees intended to do about instrumental music at Sequoia. "I don't think there will be any band or orchestra this year—not the way the situation is lined up now," Merrill commented.

Merritt R. Hosmer, most recent addition to the board, said, "There should be music at any school but I can't say anything about the situation without conferring with the rest of the board. I'm new and the rest of the men have been trustees for some time."

Clifton Woodhams, another trustee, asked that "the press wait until the Nov. 16 board meeting. We've discussed this subject at length before and certainly it will be taken up again. I don't want to say anything now."

Asked if the board intended to do anything about seeing that Sequoia has instrumental music this year, Hilton answered with a blunt, "No. We've done what we're going to do."

In answer to a question about why the trustees decided to oust Gelber last Spring, Hilton declared that "there was nothing personal in the decision, but we investigated thoroughly and decided that Gelber just wasn't producing. If someone isn't doing good work for you, you fire him, don't you?" Hilton asked.

"Besides Gelber's record isn't so good if you examine it closely," he added.

The board succeeded in removing Gelber from the music department last Spring. Argo maintains that Gelber, music teacher at Sequoia since 1927, showed disinterest and no enthusiasm for his work and that in the past four years there has been a steady slump in enrollment for instrumental music classes with the result that only seven signed up for band this Fall.

The safe way to deal with a non-greasy stain is to sponge with a cloth moistened in cool soft water.

R.C. Veterans' Organizations To Join in Parade at P.A.

Redwood City veterans' organizations will join with those from Palo Alto, Menlo Park and neighboring communities Saturday, Sunday and Monday when Palo Alto stages a three-day "Welcome Home" celebration for enlisted personnel in the area and veterans who have returned home, Publicity Chmn. Ella Mae Gowans of East Palo Alto announced Tuesday.

The celebration is sponsored by the United Veterans' Council, Inc., with Elton P. Lincoln, council chairman, in charge. On Saturday night, "open house" will be held at the Veterans Building, 27 University Ave., Palo Alto, with dancing, games and specialty dance numbers arranged by Beaudoin's Dance Studio. Refreshments will be served and there will be no admission charge, Mrs. Gowans said.

Churches will observe special Armistice Day services Sunday.

A parade will be held Monday morning in Palo Alto with the line of march down University Ave. In the first division, commanded by M. M. Vanderpool, will be a police escort, the mayor of Palo Alto, J. Byron Blois; Lt. Col. Walter S. Gaspar, USMC, grand marshal; Homer L. Chaillaux, State Field Director of the American Legion and speaker of the day; Chmn. Elton P. Lincoln, all in an automobile; William M. Kelley, Capt. Maurice M. Witherspoon of the chaplain corps, USN, and the chaplain from Dibble General Hospital in another car; then the Palo Alto High School band; the massed colors, sailors, marines and WAVEs from Moffett Field; Veterans of World War II and Gold Star mothers.

In the second division, commanded by Lt. Col. Tom Clayton, will be patients from Dibble Hospital in motorized units.

Sydney R. Brannaman will command the third parade division which includes David Starr Jordan Junior High School band; Spanish War Veterans, Redwood City Post, Veterans of Foreign Wars; Mountain View and Alan H. Nichols Posts, Veterans of Foreign Wars; Menlo Park, Los Altos, Belle Haven, Mountain View, Palo Alto, Redwood City, Fremont Posts, American Legion; Disabled American Veterans and other veteran organizations.

The Fourth Division commanded by E. H. Bentrott will include Daughters of the American Revolution, Women's Relief Corps, Spanish American War Auxiliary, Mountain View and Alan H. Nichols Posts, Veterans of Foreign Wars Auxiliary; Peninsula Women's Post, American Legion; Menlo Park, Palo Alto, Mountain View and Clara D. Noyes Posts, American Legion Auxiliary; Girl Scouts, Sons of the American Legion, Boy Scouts, fraternal organizations and other junior organizations.

Chaillaux, who is also department adjutant of the American Legion, will be the principal speaker at the Armistice Day services to be held at the Palo Alto Veterans Bldg., following the parade. A veteran of World War I, he was commissioned a lieutenant in the army engineers following a transfer hitch from the Seventh Division. He is a past commander of the 17th District American Legion.

S.M. Approves Bohannon Project

The Hillsdale Business Center, a $5,000,000 project proposed by Developer David D. Bohannon of Redwood City was approved Monday night by San Mateo city councilmen.

The council concurred with the planning commission's recommendation that an additional seven acres be reclassified to commercial and third residential areas bringing the center's acreage to 30 with 16 acres allotted to parking space.

Councilmen also announced a special session Nov. 14 to consider the changes recommended in the uniformed building code.

'Dear Ruth' Heads for Geary

"Dear Ruth," outstanding stage comedy hit of the year in New York, presented by Joseph M. Hyman and Bernard Hart, is coming to the Geary Theater on Monday night, Nov. 19, for a limited engagement. There will be performances every night, including Sunday, with matinees on Wednesday, Nov. 21, Saturday, Nov. 24 and, thereafter, on Sundays.

Written by Norman Krasna, author of such popular talking pictures as "Princess O'Rourke," "Practically Yours," "Bachelor Mother" and "The Devil and Miss Jones," and directed by the celebrated playwright, Moss Hart, "Dear Ruth" has been running in New York since last December and is nearing its 400th performance. At the time of its premiere Walter Winchell wrote: "It will keep audiences laughing for 30 years," while Howard Barnes of the New York Herald-Tribune said: "Chalk up another hit. It is a darling of a play." "Enchantingly funny" was the verdict of the New York Daily News.

Combining charm and romance with hilarity, "Dear Ruth" tells the story of a young lieutenant on leave who bursts into a Kew Gardens, Long Island home, and announces he is wildly in love with the family's older daughter, Ruth. In turn Ruth never has seen or heard of the soldier. Then they discover the younger sister of the family, Miriam, in a burst of patriotic zeal, has been writing the soldier for two years signing her sister's name. Out of this situation the author has written the funniest comedy of the last decade.

Herrsch Settleme Approve

Settlement of the i tussle over the $2,000, the late Mrs. Fannie M was approved by Sup A. R. Schottky Wedne torneys for Edmond He torney and husband, off cept a compromise of Herrscher $150,000.

Attorneys for executo estate, Charles and Lind ard, also approved the co agreement, at a hearing Judge Schottky late T Herrscher had sued for m $1,500,000.

Final action on the com will come Nov. 27 when the s be brought before Judge Sc for approval to drop the liti

Stanford Announces Raymond Hanson Fu

Pres. Donald B. Tressider Stanford University announced founding today of the Raymon Hanson Memorial Fund for sc arships in the field of social s vices.

Mr. Hanson died July 8, 1944, a was an outstanding leader in Bo Scout and Young Men's Christia Assn. work in this area. His wido lives in Burlingame.

"BUILDING"—a Great Word!

It's great to be hooked up with a company which is built on "building!"

The world has just passed through the greatest era of "tear-down" and "let-things-go" that mankind has ever seen.

We're now faced with the "build-up" and "fix-up" job—the greatest the world has ever seen.

America needs millions of new homes. American industrial plants and equipment need fixing-up for peace-time production. When enough people quit fooling around and buckle down to work, you'll hear hammers and saws from coast to coast.

This provides big opportunities in an outfit like Johns-Manville, whose middle name is BUILDING.

J-M makes lots of things besides building materials, but by far the greater part of J-M's products are for building of one sort or another.

Lasting Jobs for Thousands

We're trying to be the first or at least one of the first American industries to hit our post-war stride.

This is proved by our company's recent appeal for 5,000 more workers at once in its plants across the nation.

It's proved by our company's recent announcement of its 40-million-dollar expansion program and of its breaking ground for a new 93-acre research center.

And just plain common sense tells anybody that a company which is built on building is bound to have plenty of important work to do QUICK, and stay busy for many years to come!

News of Commuters

BY LOCOMOTIVE BILL

(Save your neck department, old stuff but still good) With the end of the war the killing on the battlefields came to an end for Americans but not so on the highways of these United States. More than 25,000,000 potential killers have entered the field since the lifting of gasoline rationing to do battle against one another not with modern equipment but in ancient chariots more or less decrepit.

The Division of Motor Vehicles and Insurance companies report that automobile accidents and fatalities have doubled during recent weeks and with the Winter and holiday season coming on the situation will undoubtedly become worse. It will become worse unless the people who operate automobiles drive carefully.

Insurance companies know that most accidents are avoidable. Speed, reckless driving, driving after drinking and refusal to grant the right of way at intersections are the main causes. With the average automobile over seven years old and with brakes and tires in questionable condition motorists should realize that speeds in excess of 45 miles per hour are dangerous. They should consider that while their tires, many of them four and five year old, look good and may have been recently recapped or have plenty of rubber, nevertheless the fabric in the sidewalls has deteriorated with age. A large percentage of serious accidents in recent weeks have been due to a combination of both tire blowouts and speed.

Are you to become a casualty on the home front? If not, drive carefully and slowly. Look upon all other motorists as potential killers when driving your car. Be prepared for any emergency and above all don't drive after drinking intoxicants.

★ ★ ★

The Victory Loan drive is on and Redwood City residents are being asked to assume a Victory Loan, based on their ability to pay. There is still an urgent call for huge expenditures to bring the men in uniform back home, to rehabilitate the wounded, and for veterans' benefits. We have willingly paid for the war and all its hardships, and now we want to pay for the peace with all its promise. Buy your Victory bonds now. Commuters should contact Commuter Club Pres. Clarence Brizee to arrange their bond purchases in order that all subscriptions can be credited to the commuters total on Commuters Day, Dec. 1.

★ ★ ★

Dallas Wood's article in the Tribune the other day on that latest sign in Southern Pacific trains regarding smoking was of interest to all non-smoking commuters. There is no doubt that the privilege of smoking has been abused in the past even though the railway has provided at least one half of the cars on the trains for smokers. The company has been exceedingly cooperative in trying to be friendly to all commuters. Smoking commuters should reciprocate in kind by using the cars provided for their convenience.

★ ★ ★

If any of our commuter readers have any thoughts or ideas on how commuter service might be improved, send them in to this columnist. They will be referred to the Transportation Committee of the Commuters Club where they will be given careful consideration. Those that have merit will be given publicity in this column as well as being forwarded on to the bus and railway companies for attention.

★ ★ ★

Sparks: Dickie tum Suden, 3-year-old grandson of Mr. and Mrs. Richard tum Suden, is missing from his home near Downieville and believed kidnaped. Commuters extend their sympathy to the tum Sudens during their ordeal and pray that Dickie will be found soon and well. . . . . Yellow Cab Driver Frank Tunison and known to many Peninsula commuters riding cabs from the Third and Townsend depot retired the other day after 21 years as a cab driver.

A number of commuters are planning a farewell dinner in his honor. . . . Lou Reiss will soon join moving brigade as he purchases home on Myrtle St. . . . Tom Giannini is now known as the "artful dodger" as he narrowly dodged being involved in an automobile accident the other morning near the Redwood City depot. . . . Many former bus commuters continue riding trains since bus strike was called off. . . .

It has the Greyhound Lines worried as they announce the "K" service is back once more effective Nov. 5. . . . Secy. Ed De Bow's monthly letter announces that the regular dinner meeting of the Commuters Club will be held on Thursday, Nov. 8, at Grace & Pierre's. Program Chairman Tom Cutting stated that he had obtained Dr. Don Jose Aubertine to again address the Club. Dr. Aubertine created an excellent impression when he appeared before the members a few months ago and a banner crowd is looked for on Thursday evening.

FLASH: Barbara Hallett and Sgt. Harry Harrison Jr. were married Sunday at Mt. Carmel Church. Harry Jr. is the son of Ex-Commuter Club charter member Harry Harrison. Congratulations and best wishes to you Harry Jr. and Barbara.

Truck Damaged In Downtown Fire

Traffic at Broadway and El Camino Real was halted temporarily recently when an old-model truck owned and driven by E. W. Thomas, 449 Oak Grove, Menlo Park, caught fire. Firemen responded and extinguished the blaze with chemicals within a few minutes. Slight damage, Chief Mark Ryan said, resulted to the truck. The fire, it was believed was caused by gasoline spilling onto the exhaust from an overfilled tank.

Redwood City's Christmas Decorations To Feature Theme of 'Welcome Home'

Bomb plates, once intended to rain incendiaries over Tokyo will grace Redwood City streets as part of holiday season decorations, featuring a "welcome home" theme.

Chamber of Commerce Mgr. E. W. (Ned) Butler, Chmn. Ray Flood of the merchants' section, James Thomas, H. C. Mitchell and Frank A. Miller today completed selection of the decorations which will be set up by Dec. 1.

Brackets made from surplus bomb parts will hold red, white and blue flags on light standards, Butler explained, and large "welcome home" signs will be placed at the Broadway and El Camino Real and Broadway and Main St. intersections.

Holly, made from sheets of tin from which bottle caps have been stamped, will also be used in the decorations.

No lights will be festooned this year because no appropriation for the estimated $1400 cost was set in the city budget, Butler said.

The decorations, first in two years, are being arranged by the merchants' section of the chamber.

Work will be done by the Pioneer Flag & Decorating Co.

If you have pastry left over, bake it in little squares or diamonds and serve as a topping on stewed fruits.

Brisbane Fire Chief Gets Probation Job

Louis H. Terry, Brisbane fire chief, is a new deputy probation officer, named to aid the county probation office in handling juvenile delinquency problems in the Brisbane area, John S. Cowgill, county probation officer, disclosed Wednesday.

Terry, whose appointment carries no salary, has been active as counselor for community neighbors for some time, Cowgill said, and was the logical choice for the appointment.

How to make hearty soups for winter energy

A steaming bowl of hearty soup is a short cut to energy during these days when Jack Frost holds sway With winter produce as a base you can create an appetizing repertoire of delicious soups to satisfy the most robust appetite. Build your menus about any of the recipes listed below—and don't be surprised when the whole family calls for second helpings.

CARROT AND POTATO CHOWDER

- 1 small dry onion, finely chopped
- 4 tbsps. butter or margarine
- 2 cups diced raw potatoes
- 2 cups boiling water
- 1 tsp. salt
- ¼ tsp. paprika
- 2 carrots, diced and cooked
- 2 cups scalded milk
- 1 tbsp. flour

In large saucepan, saute onion in 2 tablespoons butter or margarine until lightly browned; add potatoes, boiling water, salt and paprika. Boil about 15 minutes, or until potatoes are soft. Add carrots, milk, and flour mixed with remaining butter or margarine. Cook 5 minutes, stirring until smooth and thickened. Serves 6.

LENTIL OR BEAN SOUP

- 2 slices bacon or salt pork, diced
- ½ cup sliced onion
- ½ cup sliced celery
- 1 cup lentils or beans
- ¼ tsp. salt
- ⅛ tsp. dry mustard
- Dash of cayenne
- 1 tbsp. shortening
- 2 tsps. flour
- 1 hard-cooked egg
- 1 lemon, sliced
- 6 cups cold water

Crisp bacon or salt pork; add onion and celery; saute until lightly browned. Add lentils or beans, which have been washed; add water, cover; simmer 3 hours, or until beans are soft, adding more water as needed. Rub through sieve; reheat; add well mixed seasonings. Melt shortening; stir in flour; add strained soup mixture gradually; cook 3 minutes, stirring constantly, until smooth and thickened. Turn into serving dishes; garnish with thin slices of hard-cooked egg and lemon. Serves 4.

SPAGHETTI VEGETABLE SOUP

- 2 to 3 lbs. soup-bone
- 6 cups cold water
- 1 tsp. salt
- 1 small onion
- 2 cups cooked or canned tomatoes
- ¼ head cabbage
- 6 carrots
- ½ cup sliced celery
- 1 cup broken spaghetti
- Grated Cheese

Place meat bones and water in large kettle; add salt and sliced onion; simmer slowly 2½ hours, adding more water if needed. Remove bones; cut off any meat and return it to broth. Add tomatoes, coarsely cut cabbage, halved carrots and celery. Simmer 30 minutes. Add spaghetti; bring soup to rolling boil; boil 15 minutes longer. To serve, sprinkle with grated cheese. Serves 4 to 6.

SAFEWAY

NOV. 21, 1945

AN IMPORTANT DATE FOR THOUSANDS OF ARMY VETERANS NOW IN CIVILIAN LIFE

Between now and November 21, thousands of Army veterans will reenlist in Uncle Sam's new volunteer peacetime Army. Because—men who have been discharged between May 12 and November 1 of this year and reenlist on or before November 21 will be able to return to the Army with the *same grade* as they held when discharged.

Men with six months of satisfactory service discharged as privates will, on reenlistment before November 21, be given the grade of private first class.

Men now in the Army who apply for discharge after NOVEMBER 1 for the purpose of reenlisting in the Regular Army will also retain their present grades, if they enlist within 20 days after discharge and before FEBRUARY 1, 1946.

"BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days' furlough every year, education and training in any of nearly 200 skills or trades, *and enable you to retire with a life income any time after 20 years' service?*

There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men with 6 months' service.)
2. Men reenlisting retain their present grades, if they reenlist within 20 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.
3. An increase in the reenlistment bonus to $50 for each year of active service since the bonus was last paid, or since last entry into service.
4. 20% extra pay when overseas.
5. Paid furlough, up to 90 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.
6. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
7. Option to retire at half pay for the rest of your life after 20 years' service — or three-quarters pay after 30 years. (Retirement income in grade of Master or First Sergeant up to $155.25 per month for life.) All previous active federal military service counts toward retirement.
8. Benefits of GI Bill of Rights.
9. Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.
10. Choice of branch of service and overseas theater in Air, Ground or Service Forces on 3-year enlistments.

PAY PER MONTH—ENLISTED MEN
In Addition to Food, Lodging, Clothes and Medical Care

	Starting Base Pay Per Month	MONTHLY RETIREMENT INCOME AFTER: 20 Years' Service	30 Years' Service
